Experience

Front End Web Developer • ONE BI • September 2022 - Present
At One BI, I develop complex, disability accessible and responsive web applications for leading organizations, such as banks and insurance companies.

I utilize a variety of technologies, including React, SCSS, TypeScript, and more. Notably, I built seamless React-based web integrations with Qlik Sense, a powerful BI platform, delivering exceptional outcomes despite limited documentation or community support.

React | Redux & Redux-Toolkit | RESTful APIs | Qlik Sense Websockets and Web Integrations | Accessibility Refactoring | SCSS & CSS | JavaScript & TypeScript | Azure CI/CD Github Actions

Founder & CEO • Maemadim LTD • 2014 – 2021
I founded and served as CEO of Maemadim LTD, a company focused on improving creative thinking and technological proficiency in children through after school programs.

Personal Tech Projects

Portfolio • React

Education

Full stack web development bootcamp • Beta Academy • 2021-2022
I completed a five-month full stack bootcamp and learned the latest technologies and techniques, such as JavaScript, React, Node, Git, MongoDB, Rest API, Redux, CSS3, and Html5.

Psychology & Communication academic studies • Bar Ilan University • 2012-2014
2012 Executive Dean's Recognition of Academic Excellence award.

Psychometry exam • 2009
Final grade of **752**

Volunteer Tech

JavaScript | CSS Instructor • Mentor • Beta Academy • 2023
I occasionally volunteer as a guest lecturer and mentor for the students of the "Full Stack Forward" program - built to help full stack bootcamp graduates find their first developer position.

Army Service

Combat Squad Leader • Givati Brigade • Infantry • 2007-2010
During my service I gained invaluable skills such as leadership, mental strength, teamwork and accountability. In 2008 I received an **award of excellence** from the IDF school of command.
